Portfolio: namanchughportfolio.netlify.app Location: Kanpur, Uttar Pradesh, India

CAREER OBJECTIVE

Motivated and detail-oriented **B.Tech (Information Technology)** fresher with a strong foundation in **Full Stack Web Development**, **Artificial Intelligence**, and **Machine Learning**. Experienced through internship and academic projects in building real-world software solutions. Published a **patent in AI-based healthcare**, earned **AWS Cloud Practitioner** certification, and solved **500+ DSA problems**. Eager to contribute technical skills and a problem-solving mindset to a dynamic software engineering team.

EDUCATION

Pranveer Singh Institute Of Technology (PSIT), Kanpur

2022 – 2026

Bachelor of Technology (B.Tech) – Information Technology

CGPA: 7.72

Relevant Coursework: Data Structures & Algorithms, DBMS, Operating Systems, Computer Networks, Machine Learning, Web Technologies, Cloud Computing, Software Engineering, OOP

TECHNICAL SKILLS

Languages: Java (OOP, DSA), Python (AI/ML, Scripting), JavaScript (ES6+), PHP, SQL, C
Web & Frontend: React.js, Node.js, HTML5, CSS3, Bootstrap, Tailwind CSS, REST APIs, JSON
AI / ML: TensorFlow, PyTorch, Federated Learning, LLMs, RAG, NLP (NLTK), Computer Vision, GANs
Tools & DevOps: Git, GitHub, Docker, Netlify, Apache, Postman, VS Code, Linux
Cloud & Platforms: AWS (Certified Cloud Practitioner), Salesforce, MySQL, Firebase
Soft Skills: Problem Solving, Team Collaboration, Agile/Scrum, Technical Communication

INTERNSHIP EXPERIENCE

Software Developer Intern

Jun 2026 – Present

Graptix Technologies Pvt. Ltd. · Noida Sector-68, Uttar Pradesh · On-site

- Developed and maintained scalable web application features within a cross-functional team following Agile/Scrum methodologies and sprint-based delivery cycles.
- Integrated RESTful APIs and third-party services into the production codebase, enhancing system interoperability and front-end data rendering performance.
- Participated in full SDLC phases including requirements gathering, design, coding, QA testing, and production deployment – contributing to on-time project delivery.
- Practiced Git-based version control (branching, pull requests, code reviews) to maintain clean, maintainable, and well-documented codebases.

PROJECTS

Pneumonia Detection using Federated Learning

Python, TensorFlow, PyTorch, CNNs

Patent Published – App. No. 202511082508 A

- Co-invented **PneumoFed-ViT**, a stacked CNN-ViT model trained using Federated Averaging across 5 simulated clients for privacy-preserving pneumonia detection, achieving **91% accuracy**.
- Ensured data privacy compliance by eliminating the need to centralize sensitive medical imaging data – resulted in a published patent.

SynchroFace – GenAI Talking Avatar

Python, OpenCV, Wav2Lip, GANs, Computer Vision

- Engineered a real-time voice-to-video pipeline using Wav2Lip and OpenCV to generate high-fidelity lip-synchronized talking avatars from raw audio for virtual assistant interfaces.
- Implemented GAN-based facial landmark detection enabling photorealistic mouth movement generation with minimal latency.

Prabuddh-Ganit – Hindi Language Model

Python, Hugging Face, QLoRA, FastAPI

- Fine-tuned an LLM using **QLoRA** on a curated Hinglish-to-Devanagari corpus; deployed via FastAPI REST backend with 4-bit quantization for low-latency inference.

Farmisian – Crop & Weather Information Portal

PHP, JavaScript, HTML5/CSS3, MySQL

- Built a full-stack responsive web platform providing real-time weather forecasts and AI-driven crop recommendations; designed normalized MySQL schema and PHP backend for data management.

ACHIEVEMENTS & CERTIFICATIONS

- AWS Certified Cloud Practitioner** (CLF-C02, Amazon Web Services) | **Infosys Certified:** Bootstrap & Generative AI
- HackerRank Python (Basic)** Certified | **Salesforce Trailhead:** 53 Badges Earned | **ACM ICPC** Participant
- Winner – TechExpo 2024** (Intercollegiate Tech Competition) | **Agentblazer Innovator 2025** (AI Hackathon Winner)
- Head, Ignitia Tech Fest** (2 consecutive years) – Led 50+ student organizing team for college-wide technical events
- Problem Solving:** Solved **500+** DSA problems on LeetCode, GeeksforGeeks & HackerRank | Badminton – Zonal Level
